# ABOUT US

Satisfied smiling organizers and visitors who enter our luxurious tents with enthusiasm. Rechargers manages to achieve that wow-factor time and time again. And that keeps us energized. That's handy when you spend months creating outdoor sleeping accommodations.

We want you to be more than satisfied with our services. Whether you're an event, party or festival planner, we speak the same language. That's why we know that our luxuriously equipped tents will surprise and amaze you. Imagine: an instantly assembled glamping tent furnished to perfection down to the tiniest detail with

comfortable box-spring beds, a raised wood platform, nightstand and lighting. Your visitor will immediately want to relax and recharge. Everything is made up and smells delightfully fresh. Who wouldn't want to dive straight into bed?

## Glamping

Glamping? That is luxury camping, equipped with all conveniences. And it is catching on. More and more people are opting for an unique camping experience. As a festival or event organizer, you can respond to this quickly with our glamping tents, which offer the comfort of home combined with the outdoor feeling.

## About Rechargers

Four years ago, we started a trial at Mysteryland by offering glamping at a festival. This was an immediate success. With one sister company active in the festival world and the other as a supplier of fully equipped glamping tents, it was time to take the next step: combining the two worlds. Since then, we have been working on beautiful projects and we keep on growing.

# INSPIRATION

From the biggest festivals to intimate weddings. At Rechargers we have many great events on our list. Therefore we would like to highlight a few projects.

Business event – Ardennes, Belgium

Sporting event – F1 Zandvoort

Wedding – Dreamday Festival

Festival – Mysteryland

## QUALITY AND SAFETY

When you choose Rechargers, you choose the highest quality. Is safety also high on your list? Then you're in the right place with us. Our tents are made of the best and safest materials, which makes us excel in quality and safety.

Are you looking for durable tents with a long service life? With our tents you can be sure that you are making the right decision. Only the best materials are used for our tents. We work with very durable products that are manufactured in The Netherlands. These products have a service life of more than 10 years. A good alternative to tents that are often used only once in their entire lifespan. Corporate Social Responsibility really gains added value this way! Of course, visitors do not only want to experience the convenience of glamping. A clean camping site, tightly set up and organized tents and no visible or invisible damage play an important role. As an organizer, you can respond to this with our sleeping tents. They are completely focused on 'green camping'.

In addition, the inner tent is made of fire retardant TenCate Campshield. It is built on 300 years of experience and innovation. As one of the leaders in the market, TenCate is therefore an easy choice. So your guests can recharge carefree for the next day.
